---

Hello, Lauri. I am the EPA attorney assigned to the Flint Hills Refinery Case. I have been asked to evaluate the possibility of deferral of the Site to Alaska. As part of that evaluation I need to gain an understanding of the Alaska hazardous waste laws and regulations. Would you be willing to talk to me this week about the case and the Alaska hazardous waste program? I can be reached at (206) 553-0016. Thank you.

Elizabeth McKenna  
Assistant Regional Counsel
